## LIGHT VOTE BEING CAST AT PRIMARY

Unsettled Weather Condition Will Lessen Rural Vote Over State

## CANDIDATES CONFIDENT

State Political Headquarters at Columbus Very Quiet—Managers Predict Total Primary Vote of Less Than 500,000—State Officials Home to Vote.

[ASSOCIATED PRESS TELEGRAM] Columbus, Aug. 11.—Ohio voters today are choosing Democratic, Republican and Progressive party candidates for state, senatorial, congressional and county tickets. It is the first popular statewide primary.

With the primary fight over tonight, the inter-party contests for election November 3 are expected to begin within a week.

All candidates on state-wide primary tickets started today with expressions of confidence in their individual success. Political headquarters in Columbus were quiet, the scene of activity having been transferred to precincts where votes are actually being cast today.

Most campaign managers predict a total primary vote of less than 500,000 although 1,028,016 voted for governor at the election two years ago. Chairman William L. Finley of the Democratic state organization reiterated his former prediction that 200,000 or less Democrats will turn out to register their choice of party candidates. The headquarters of Frank B. Willis, candidate for the Republican gubernatorial nomination, said they expected a Republican primary vote of between 200,000 and 225,000. Managers of his opponent, David Tod, placed the figure lower.

Attorney General Timothy S. Hogan, candidate for the Democratic senatorial nomination, said he thought the Democratic vote would be higher than Chairman Finley's estimate. Hot contests in counties and congressional districts are expected to bring out a greater vote than any statewide contest.

A number of eleventh hour road-blocks directed against both state and county candidates were reported here today.

Unsettled weather conditions are expected to lessen the rural vote today.

The most important statewide contests today are between Governor Jas. M. Cox and Congressman John J. Whitacre of Canton for the Democratic nomination for governor; Congressman Frank B. Willis of Ada, and David Tod of Youngstown for the Republican gubernatorial nomination; Attorney General Hogan, John J. Zimmerman of Springfield, for senator on the Democratic ticket; Tod and Willis for the Republican nomination for (Continued on Page 8, Col. 3.)

## THE BELGIAN WOUNDED IS ENORMOUS

[ASSOCIATED PRESS TELEGRAM] London, Aug. 11.—(2:10 p. m.)—John Clarkson, of Chicago, a railroad constructor who left Antwerp on Sunday afternoon and reached here by way of Ostend, says the number of the Belgian wounded is enormous. All the hospitals at Brussels, Ghent and other places, he says, are full and other places and convents are being utilized for the care of the wounded.

Mr. Clarkson said he saw a long train full of wounded soldiers unloaded at Brussels. The wounded men were carried through ranks of soldiers who presented arms as they passed, while crowds of people looked on in silence.

When the German prisoners were brought to Antwerp from the front a large crowd gathered to see their arrival but no attempt was made to molest them.

The banks at Antwerp, said Mr. Clarkson, were paying only 10 per cent. of the deposits and refused to honor American paper. Very few Americans were felt there.

While crossing the channel the steamer on which Mr. Clarkson traveled struck the French coast until near Dunkirk where she shot across to Dover.

## ELEVEN ARE INJURED IN COLLISION

[ASSOCIATED PRESS TELEGRAM] Cleveland, Aug. 11.—Eleven persons were seriously injured and a number of others less seriously hurt when two urban cars came together in a head-on collision near here this afternoon. Reports were that some of the injured might die.

Although no official statement has been made it is said that one of the motormen either failed to receive or else failed to notice a signal to take the siding since there is a single track at the point where the collision occurred. One car was a southbound package car and a Cleveland-bound limited from Akron. There were 20 passengers on the limited. All were more or less injured by flying glass. The motorman of the limited car was seriously hurt.

## OLD HOME IN SOMBER SYMPATHY

Greeted Body of President Wilson's Wife at Rome, Georgia

## LAIN BESIDE PARENTS

Only Invited Guests Heard Simple Services at Church And Watched Interment—Throngs Silently Watched Train at Points Along the Journey Southward.

[ASSOCIATED PRESS TELEGRAM] Rome, Ga., Aug. 11.—Simplicity marked the funeral of Mrs. Woodrow Wilson here today. In deference to the wishes of the president, the exercises were brief, a forty-five minute service at the First Presbyterian church, where Mrs. Wilson's father, Rev. Dr. Edward S. Axson, was pastor for seventeen years, and an even shorter ceremony at Myrtle Hill cemetery.

Rome, the girlhood home of Mrs. Wilson, today awaited in somber attire the arrival of the funeral train from Washington. Buildings in the business district and many residence sections were draped in black. Traffic was closed early on the streets through which the procession passed from the railway station to the church and from the church to the cemetery. Special policemen and national guardsmen patrolled the quiet streets.

Because of the limited capacity of the church only members of the family and close friends were invited to be present. Two of the old hymns which were Mrs. Wilson's favorites as a girl were sung. Rev. Dr. G. G. Synhor conducted the ceremonies.

From the church the funeral procession went directly to Myrtle Hill cemetery. At either side of the streets through which the cortege passed, school girls stood holding laurel branches. As at the church, the services at the grave were conducted in the strictest privacy.

The body is buried by the side of those of Mrs. Wilson's father and mother.

Six first cousins of Mrs. Wilson's were selected as active pallbearers. The presidential party expects to return to its special train and depart for Washington at 6 p. m.

## STILL STRUGGLING FOR POSSESSION OF FORTS IN VICINITY OF LIEGE

The Death's Head Helmet of Germany's Crown Prince

Friedrich William, crown prince of Germany, and heir to the throne of the Kaiser, wears proudly the helmet of the Death's Head regiment of which he is commander. A stunning, gaping skull, with cross bones worked into the texture stands out prominently on the crests and helmets of this crack regiment of the German army. The skull and cross bones mean here what they have always meant—death.

## ANXIETY TO LEAVE BELGIUM CAUSED MANY AMERICANS TO WALK TO ANTWERP

Where They Boarded the Kroonland and Arrived Safely in New York Today.

[ASSOCIATED PRESS TELEGRAM] New York, Aug. 11.—The Red Star liner Kroonland, flying the American flag and bearing 170 first cabin passengers, mostly Americans from Europe, came into port today almost simultaneously with the White Star liner Cedric (English) from Halifax. The Kroonland was immune from capture but the Cedric steamed cautiously, with only running lights burning.

The Cedric put into Halifax last week, interrupting her voyage from England to New York for fear of capture by German war vessels.

The Kroonland left Antwerp on August 1, before general hostilities in Europe had been declared.

Many walked a considerable distance to Antwerp with their baggage, so great was their anxiety to leave the country.

The Cedric brought a thousand Americans, who crowded aboard her at Liverpool on July 30.

## AUTO SKIDDED, OCCUPANT GETS A BROKEN BONE

Little Change in Situation as Armies Are Thought To be Preparing For a General Advance—Germans Holding the City

## TERRIBLE SCENES OF BLOODSHED WITNESSED

Official Belgian Reports State That Germans Lost 2,000 Killed, 20,000 Wounded and 9,700 Prisoners in Recent Fighting—England Has Mobilized Army of Between 500,000 and 600,000 Men Without Reserves—Dispatch From Charleroi, Belgium, States That Germans Are Fighting Without Spirit, Neither Officers Nor Men Having Had Anything to Eat for Three Days—General War News.

In and around Liege the situation was unchanged today. The Germans held the town itself but the forts were still fighting strongly. The German main army in the north was reported entrenching itself on the Ourthe, while two large divisions of cavalry had got to Tongres, north of Liege. It was expected that a general advance was in preparation and a battle imminent in which the Germans would be confronted by the allied Belgians, French and British.

The French Muelhausen, Alsace, met with opposition after their occupation of that city. A superior force of Germans caused them to leave the place and take a position outside where an action was fought, details of which had not been made public. French reports are indefinite but give the impression of a French success.

Many German spies were arrested today in Belgium and a secret wireless apparatus was discovered in a German store in Brussels.

Fighting has evidently occurred on the Russo-German frontier as six carloads of German prisoners were reported to have passed through Vlna today on their way to the Russian interior.

Russians have concentrated a considerable army in England, thus disposing of German reports of the landing of a German army corps there.

Bulgaria apparently is mobilizing all her forces, as she announces, to prevent violations of her neutrality.

The United States diplomatic officials in Europe have the further task since yesterday of looking after French interests in Austria and Austrian interests in France.

A state of war has been proclaimed in the southern provinces of Holland.

Russian funds seized in Berlin banks by Germany amounted to \$25,000,000.

The German cruiser Goeben and Breslau are still at large in the Mediterranean, according to reports.

Germans are said, in Belgian official reports, to have lost 2,000 killed, 20,000 wounded and 9,700 prisoners in the recent fighting in Belgium.

England is said by the London Times to have between 500,000 and 600,000 men under arms without the reserves.

Aviators are at work constantly on the frontiers of France and Germany endeavoring to observe the concentration of the respective armies.

[ASSOCIATED PRESS TELEGRAM] London, Aug. 11.—12:35 p. m.—The new admiralty and war office information bureau established by the British government started work this morning. Its first announcement was as follows:

"About two cavalry divisions are in the neighborhood of Tongres, to the north of Liege. Three German army corps are still opposite Liege and other German troops are reported to be entrenching along the line of the river Aisne."

"The large German force is moving through the duchy of Luxembourg and its advance troops are now at the Belgian frontier."

"German cavalry patrols have been reported near Marchiennes and Arlon. Several individual soldiers belonging to German patrols have been captured both in France and Belgium. In short of food for both men and horses and to have made no resistance."

"The British consul general at Shanghai, China, reports that British vessels have been pursued or molested."

"A report from The Hague, Holland, states that public nervousness in that country has been allayed since the publication of Great Britain's attitude respecting the neutrality of the Netherlands."

"It is stated that the Germans lost 3,000 killed before Liege, but this is unconfirmed."

"A report states that the principal Liege forts are still holding out although some of the smaller forts have been captured by the Germans. The bombardment of the fortifications by the Germans is proceeding without intermission. On one occasion a fort apparently had been silenced but when German infantrymen advanced to attack it, a hail of bullets was poured into them so suddenly and effectively that they retired with heavy loss."

"The German attackers, who are constantly being reinforced, displayed great courage."

"It is stated that 120,000 men of the German army are engaged in the attack on Liege."

"Refugees from that city describe the conditions as terrible."

"Many houses have been damaged or burned."

"The Daily Mail advises from Basel, Switzerland, state that the Swiss and German troops are close to the frontier and within a few yards of each other near Basel. The Germans have built a barricade across all the roads leading across the frontier."

"The Swiss army is massed mainly on the French frontier, but considerable bodies of troops are being sent to Ticino to guard the Italian frontier."

"The Peking correspondent of the Times telegraphs as follows: 'Replying to China's request of the United States and Japan to use their influence to protect China from warlike activities of other nations, Japan has stated that her attitude depends on (Continued on Page 2, Col. 1.)'

## RUSSIANS ARE CONCENTRATING THEIR TROOPS

[ASSOCIATED PRESS TELEGRAM] Stockholm, via London, Aug. 11.—The Swedish steamer Runeburg, which arrived here last night from Raumo, Finland, reported that she had not seen a single warship in the Aland archipelago or anywhere else. Her captain was told that the Russian fleet had not met the German fleet at all, but was waiting in the inner part of the Gulf of Finland for a suitable opportunity to start an action.

The Russians are concentrating their troops at all important points along the Gulf of Finland, especially at Ekenas on the north side of the entrance to the gulf, and Sveaborg, and keeping in reserve a considerable force reported to number 100,000 men.

A pier a half mile in length in the harbor of Hango was blown up by mistake. The commander, who had been ordered to prepare for the possible destruction of the pier hanged himself upon discovering that he had acted prematurely.

The vessel had no news from the Baltic.

## BATTLE

(Continued from Page 1.)  
the result of the British campaign. The time was not ripe to consider China's proposal, it was said.  
"The United States avoided committing herself."

London, Aug. 11.—Despatches to the Times from the Hague and to the Telegraph from Maastricht, sent under yesterday's date, agreed that the struggle for possession of the forts at Liege was going on continuously and giving rise to terrible scenes of bloodshed and of heroism.

At noon the despatches say, the Germans were making fierce efforts to silence the forts nearest the city proper and the defenders were gallantly holding out against almost constant bombardment.

The Paris correspondent of the Exchange Telegraph company says that a despatch from Maastricht, the Netherlands, announces that the Germans occupied Tongres, a town 10 miles north of Liege. The place had been abandoned by the Belgians.

German engineers are engaged in constructing a second bridge across the river.

A despatch to the Times from Charleroi, Belgium, describes the fighting of the Germans as being very lacking in spirit. Even the officers are suffering from hunger, according to the correspondent who adds that two German officers of high rank, captured on the French frontier, said they had had nothing to eat for three days.

The Standard's military correspondent, explaining the situation at Liege, says:

"The withdrawal of the Belgian mobile defense left open all the spaces between the forts, whereupon it became easy for the invaders to get into town by taking advantage of the woods and hilly ground."

"It is unlikely that any considerable portion of the German army has entered the city. A few hundred men would be sufficient to keep the civil population under control, and it would be an act of madness for the German commander to pass his entire force into what might prove a trap without an exit."

"The fact that the forts have not molested the invaders may be explained in two ways, namely: It may be that their guns cannot be trained inward on the town; or, which is more likely, that the Belgians are unwilling to risk the destruction of their fine city for the sake of turning out the enemy, whose occupation matters little from the point of view of the Belgian defense."

"Liege is quite useless to the Germans so long as the forts hold out." A Central News despatch from Berlin dated Monday says the Russian funds seized by the German government in Berlin banks are said to total \$25,000,000.

A special commission appointed by the government in Germany reports that the country has a sufficient stock of food to last for a year. Emperor William has given \$100,000 to the German Red Cross Society and a similar sum for the relief of the families of soldiers killed or wounded in the fighting.

A Central News despatch from Vienna by way of Amsterdam, says the Austrian troops have occupied Miechow in Russian Poland, ten miles within the border, after defeating a body of Cossacks whose losses are given as 400 killed and wounded, while those of the Austrians are said to be 140 wounded.

Not a living Austrian soldier is now on Serbian soil, according to the Serbian legation in London. An official of the legation admits that seven attempts by the Austrians at different points to invade Serbian territory had failed and the Austrians had abandoned the offensive and were hurriedly entrenching themselves on their own frontier in the expectation of a Serbian counter attack.

A telegram from Nish today says that a decree in the Serbian official gazette announced the denunciation of all treaties between Serbia and Austria-Hungary.

It was also officially announced that the Montenegrin forces had joined the Serbians and that the latter had captured a number of small places on Austrian territory.

A German was arrested near the cavalry barracks in London today on suspicion of tampering with the horses. It was stated in the police court that the man was seen to strike several horses which immediately afterward were taken sick.

A joint meeting of Polish societies in London decided today to form a Polish legion for active service in the interest of a German invasion of the British Isles. Their action was taken because of the friendly asylum afforded Polish political refugees in England.

The Austro-Hungarian advance from Cracow in Austrian Galicia toward Kielce in Russian Poland, is reported to be in progress. At the same time the Russian troops are said to be advancing from Rovno up the valley of the River Styx, toward Lemberg, the Galician capital.

"The Bulgarian government has demanded a credit of \$10,000,000 for mobilization expenses in addition to a previous credit of \$30,000,000 for armaments."

## 500 Mile Race Again Proves the Greater Mileage in Firestone Tires

Barney Oldfield, on Firestone Tires, captured the American Honor in the International Sweepstakes, Indianapolis, May 30th. His average speed for the 500 miles was 78.5 miles per hour. He made only three changes, while some drivers, not using Firestone but who finished in the money, changed tires thirteen and fourteen times. Two of Oldfield's Firestones went through unchanged.

This record with the winning of first place in 1911 and First and Second place in 1913 by Firestone, in this world test of tires, should be a clear buying guide to you.

## GIBBONS PUT HICKS OUT IN NINTH ROUND

Canadain Champion (?) was a Chopping Block for Clever St. Paul Middleweight.

Columbus, Aug. 11.—Mike Gibbons, the clever St. Paul middleweight, gave a very fine exhibition of boxing and general pugilistic ability, using Freddie Hicks of Detroit as the punching bag at the opening of the Olympic arena Monday night. From start to finish it was slaughter, until Gibbons finally brought the answer in the ninth round, when he put Hicks to the floor until the 10 seconds were tolled off.

Hicks was knocked down nine times in the bout, in addition to the final flooring, and each time he staid on the mat for the count of seven or better. If he is champion of Canada, the folks up that way are in a bad way for fighters.

Gibbons looked him over for about a half minute in the first round and then started to show the folks just how far above him he was in the game of hit and get away. Of course, Mike had to have some consideration for the patrons and permitted the bout to go far enough so that the fans could get a look at him. When he thought they had seen enough he got rough for just a flash and when it was over Hicks was all through.

The New Arena was pleasing to all and Manager Willard Stewart has the gratitude of the fans for giving such a place to witness the game.

What was probably the largest crowd that has ever turned out to a boxing show in the city was handled without a single hitch and everybody got the seat he paid for, with plenty of room to go along with it.

## THEORY AND FACT INCURABILITY OF BRIGHT'S DISEASE

Professor Tyson in his work on BRIGHT'S DISEASE, says: "As to special curative measures, directly diminishing Albumenuria, I believe there are none. Old beliefs are tenacious. But no matter how venerable and sacred, they must give way to fact. From a safe full of evidence we take the OFFICIAL figures in a recent test case the analysis being made by one of the most noted analysts in this city: Jan 16 Albumen 2.700 grms (24 hrs.) Jan 16 Albumen .465 grms (24 hrs.) Reduction in 12 days nearly 80 per cent."

This case was in extremis and the treatment was prescribed too late but in the face of the testimony of analytical chemists what becomes of the old dictum that there is no agent that reduces albumenuria? Lamarck has truly said the great difficulty is not in discovering but in getting the acceptance of new truths. But the light is spreading.

The ability of Fulton's Renal Compound to "diminish albumenuria" in many cases of Bright's Disease is not a theory but a FACT IN PHYSICS to prove which we will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, the evidence having been reported in thousands of cases. Formula and literature sent on request. John J. Fulton Co., San Francisco, F. D. Hall is local agent. Ask for pamphlet.

Summer Constipation Dangerous.  
Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Stomach Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rids the bowels of congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c. at your Druggist.

MEAT CAUSE OF KIDNEY TROUBLE  
Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue coated and when the weather is bad you get rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush of the body's urinous waste get four ounces of Jad Salts from any pharmacy; here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful or invigorant lithia-water drink.

only male quartet on the entire Chautauqua program. All are possessed of fine voices.

Dean W. T. Summer, dean of the Episcopal Cathedral in Chicago, will give one of the best lectures Wednesday afternoon on the entire program. He will take as his topic "Efficient Citizenship." His great fight against vice in the city of Chicago has made him famous.

John B. Ratto, the clever impersonator who held spell bound his Newark audience during the Redpath Chautauqua, will go through his series of interesting and invigorating "Character Studies" Wednesday evening.

Tonight the Maurer Sisters Orchestra at 7:45 o'clock will be a pleasing feature, consisting of cornet solos with piano accompaniment, whistling solo, cello solos, violin and flute duet, etc.

Mrs. Mary Skiles left for Cambridge this morning to attend the funeral of Mrs. Jos. Donahue, who died at Warren, O., very suddenly. Mrs. Skiles will spend the balance of the week at the Cambridge home-coming which takes place this week.

## PRIMARIES SHOW LIGHT VOTE CAST

Small Percentage of Voters Turn Out  
Up To Noon—Progressives  
Scarcely Visible So Far

The first state wide primaries held in Ohio experienced a very light vote in Newark. In fact the vote was figured a considerably below normal in the most of the precincts which had been reported up to late in the afternoon.

It can scarcely be an indication of any lack of interest in the primary on the part of the voters. Election officials accredited the light vote to the rain which may have interfered with some of the electors turning out. The late afternoon showing was expected to make up to an extent for the deficit in the number voting as compared with the normal election figures.

At noon Precinct E of the Fifth ward reported 20 Democrats and 28 Republicans voted.

Precinct D, Fifth ward, reported 31 Democrats and 24 Republicans as voted, at the same hour.

Each of the above precincts has a normal voting strength of 200. In other words, up to noon these two precincts showed only a trifle more than twenty-five per cent. of their vote.

Wheel-horses of both parties, and friends of individual candidates for nomination, both local and state, were on the job pulling hard to get out a favorable showing. The Progressive vote was extremely light, several precincts having only one at noon.

A of the First at 1:30 gave 34 Democrats, 58 Republicans and one Progressive, out of a normal vote of 275.

In the Second ward, Precinct C had 41 Democrats, 23 Republicans and one Progressive out of a normal vote of 200, and Precinct D, same ward, showed 23 Democrats and 19 Republicans, out of a total voting strength of 220.

Third Ward, B, had 27 Democratic voters, 26 Republicans, out of a normal total of about 350.

North precinct of Newark township at 1:30 had 20 Democrats voted, and 18 Republicans. The normal vote is about 200.

At 2 o'clock Third ward, C, had 47 Democratic votes, 24 Republican.

Precinct D, Third, had 68 Democrats, 18 Republicans and one Progressive.

Second Ward A had 43 Democrats and 25 Republicans, while Second B had 64 Democrats and 24 Republicans.

## CONGENIAL WORK.

And Strength to Perform It.

A person in good health is likely to have a genial disposition, ambition, and enjoy work.

On the other hand, if the digestive organs have been upset by wrong food, work becomes drudgery.

"Until recently," writes a Washington girl, "I was a railroad stenographer, which means full work every day."

"I was many other girls alone in a large city. I lived at a boarding house. For breakfast it was mush, greasy meat, soggy cakes, black coffee, etc."

"After a few months of this diet I used to feel sleepy and heavy in the mornings. My work seemed a terrible effort, and I thought the work was to blame—too arduous."

"At home I had heard my father speak of a young fellow who went long distances in the cold on Grape-Nuts and cream, and nothing more for breakfast."

"I concluded if it would tide him over a morning's heavy work, it might help me, so on my way home one night I bought a package and next morning I had Grape-Nuts and milk for breakfast."

"I stuck to Grape-Nuts, and in less than two weeks I noticed improvement. I remember I used to walk the 12 blocks to business and knew how good it was simply to live."

"As to my work—well, did you ever feel the delight of having congenial work and the strength to perform it? That's how I felt. I truly believe there's life and vigor in every grain of Grape-Nuts."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## UNITED STATES TO TAKE CHARGE OF EMBASSIES

(Associated Press Telegram.)  
Paris, Aug. 11, via London, 11 A. M.—The United States will look after the interests of the French in Austria-Hungary and of the Austrians and Hungarians in France during the interruption of relations between the two countries.

Count Nicholas Szecsen de Temerin, Austria-Hungarian ambassador to France, was conducted to the railroad station by Richard William Martin, a high official connected with the French foreign office. A special train had been provided for the ambassador and he departed for the Italian frontier.

A large force of Germans on Sunday night attacked the French advance guard which had pushed forward on Gernay and Muelhausen.

Before this attack the commander of the French troops had assembled his troops in the rear of the city quickly placed his forces in a fighting line and stopped the advance of the Germans, who according to reports were superior in number.

The actions of the French are declared to have been brilliant, and it is said they remain masters of northern Alsace.

It is officially announced that the French troops around Spincourt, in the department of Meuse, forced the German cavalry to retreat, although the latter were supported by artillery.

The unloading of troops from trains continues in the region of Gerolstein, but the principal landings occurred earlier in the rear of Metz and Thionville.

French aviators are constantly flying over the zones where the German troops are disposed without paying the slightest attention to the bursting shells of the enemy. The official communique states that the work of the Luxembourg and South Metz has been completed by the Germans.

The minister of the interior has received the report concerning the 2500 Austrians who were sent from Paris to LaLouppe and other parts of France. It is stated that the party aroused much curiosity on the part of the people along the route, but there was not the least sign of hostility manifested and the Austrians are being well treated. A number of them had believed they were to be put in jail.

The crepe festoons, which for 40 years have hung from the monument of the city of Strassburg, capital of Alsace-Lorraine, which stands in the palace de la Concorde, were torn down today and replaced with flowers and palm branches, while a tricolor sash was draped about the figure.

The ceremony was conducted by 2000 members of the Federation of Alsatian Societies in Paris. Joseph Sanboeuf, mayor of the Eighth Arrondissement, embraced the statue and then addressing the gathering said:

"The hour of revenge for which we have prayed unceasingly for 44 years, has at last struck. The French army is in Alsace. The red trousers are again seen on our plains and mountains. The gay bugles of France sounded the charge at all Kirch and Muelhausen."

There were few who were not in tears as the speaker concluded. The singing of the Marseillaise followed by cheers for Belgium, Russia and England, ended the ceremony.

Lieutenant Baron Marschall von Bieberstein, son of the Baron von Bieberstein, who was formerly German ambassador at Constantinople, was killed in a fight near Genaville in the French department of Meurthe-et-Moselle on August 5.

Belgian territory, except just around and to the south of Liege, was reported today to have been thoroughly cleared of German troops with the exception of some Uhlans, who had lost their way.

## WAR PRICES HAVE AFFECTED STYRON & BEGGS

Frank L. Beggs of the firm of Styron, Beggs & Co., manufacturing chemists, said Tuesday that the European war had affected prices of ingredients used at the factory in the making of products that it markets.

Mr. Beggs said: "All essential oils, quinine, souchai, imported roots, herbs and flowers have about doubled in price, and in most cases the holders have simply withdrawn the supply and it quotes no prices."

Marked advances are noticeable in the price of salt petre, and glycerine, while the war has resulted in a general demoralization of the market and the prices of products we use."

## Readers' View Point

The Advocate assumes no responsibility for the opinions expressed in the column headed "Readers' View-point." Communications from our readers should be short, clearly written and should be signed though the signature will not be printed if it is so requested. These communications should be upon subjects in which there is general interest and they must be free from abuse or extravagant statements that tend to provoke controversy.

Editor Daily Advocate—Dear Sir: I was much pleased to see in your issue of 10th inst., your expression of good will towards the much-abused German and Austro-Hungarian people, and your anxiety to give truthful news on the operations now going on in the field as well as in the council chambers of these nations. I notice that other papers of every shade of politics in the country are beginning to show the same attitude; but this, I fear, is cast and the tenacious Teuton memory is not likely to forget the wrongs already inflicted. In one respect there are many of different race from the German who are glad that an opportunity was offered to them to show their esteem for the Teuton and Austrian and offer an alliance with them in their present great struggle to settle forever the rapacious and unholly monopoly held by the robber nations in southern Europe; and it should be the prayer of all who truly love peace in this great land that the power which has stood in the way of peace and progress for these contentions and unhappy races should now be swept back to the Mediterranean and driven back to the insular home to live in peace for the good of humanity as well as for her own good to the end of time.

For the masses of the English people I have nothing but the highest esteem. But with a clear and unbiased

conviction founded on impartial history I can see little in the policy and strategy of English rulers but what was always selfish, cruel, slavish and treacherous. If her colonies have the best governments that they could desire it was not because of the generosity and justice of her Lords, but because of the necessity that impelled the mother country to listen to and grant them. On the other hand, she has been relentless in her dealing with poor old Ireland which has supplied her with the military genius and sturdy arms that have won all her glories since the end of the 15th century, and the same press that slanders the Teuton and Austrian has been slandering and calumniating the struggling Irish. Hence I say that there are many glad of the opportunity presented to form a Teuton-Irish Alliance, and that a good beginning of the same has been already effected.

Yours sincerely,  
B. M. O'BOYLEAN.

**Want Police Protection.**  
The people of the North End are being pestered with a gang of window-breakers, peepers, chicken thieves and general hoodlums, and it is about time our city protectors were stationed so they catch them red-handed. One threw a stone through a window, one was himself thrown through a basement window of the church; they destroy flowers in lawns, commit nuisances in houses under erection, throw melon rinds and other objectionable trash into dooryards, steal chickens wherever found, open stable doors and let out horses, pull stakes and let cows run over people's gardens, disturb religious services, and many other depredations are committed, possibly for the fun of the thing; nevertheless, it is becoming unbearable and the citizens of the North End are clamoring for police protection, since they can not learn who are the depredators. The Mayor has asked for the names, but the citizens are not able to give them. What is needed, is police protection.

A CITIZEN.

## LIGHT VOTE

Governor, and Joseph Benson Foraker of Cincinnati, Warren G. Harding of Marion and former Congressman Ralph D. Cole of Findlay, for senator on the Republican ticket.

Few congressional contests have state-wide significance. Willis' headquarters today were still predicting their candidate would poll between 125,000 and 150,000 votes and that Tod would get between 50,000 and 75,000 votes. Tod managers declared they are sure of 100,000 votes, mainly in the cities and expect many more. They said the Republican vote would not be more than 175,000.

Governor Cox went to Dayton to vote and expected to return to Columbus tonight. His opponent, Congressman Whitacre will hear the results of the primary elections at his home in Canton. Attorney General Hogan will be at his office in the state house tonight. Mr. Zimmerman will be at Springfield, and Mr. Lentz at his home here.

Congressman Willis expects to return to Columbus before night from Ada. Mr. Tod will star in Youngstown. Mr. Harding and Mr. Foraker expect to be at Marion and Cincinnati, their respective homes, and Mr. Cole probably will be at his headquarters in Columbus tonight.

The state house today was nearly deserted by officials who had gone to their homes over the state to vote, and few stenographers and clerks made their appearance.

The secretary of state's office today said election officials are expected to determine state contests first tonight, but that returns without doubt will be late.

## 18 CONGRESSMEN ARE SEEKING A RENOMINATION

Columbus, Aug. 11.—Sixteen of Ohio's nineteen Democratic congressmen and two of three Republican congressmen are seeking renomination by their respective party constituents by the primary election. Since the last congressional election, the state has been redistricted by the general assembly, to make 22 districts instead of 21 as formerly. Nine of the 16 Democrats trying to retain their seats at Washington have opposition from other Democratic candidates, and one Republican is in the same position. Two present Democratic congressmen are opposing each other for renomination because the redistricting places them in the same district.

Most of the congressmen have been busy with the special session of congress this summer they have had little time to wage campaigns. The wet and dry issue is live in many contests.

Progressives have a complete ticket, but only one contest, in the 16th district. There are many contests among Republicans trying to break into the field of congressional nominations.

The Democratic congressmen seeking renomination with their districts are: Stanley W. Bowdler, Cincinnati, First; Alfred G. Allen, Cincinnati, Second; Warren Gard, Hamilton, Third; J. Henry Goetz, Wapakoneta, Fourth; Timothy T. Ansberry, Defiance, Fifth; John A. Key, Marion, Eighth; Isaac R. Sherwood, Chillicothe, Eleventh; Clement L. Brumbaugh, Columbus, Twelfth; E. R. Bathrick, Akron, Fourteenth; George White, Marietta, Fifteenth; William A. Ashbrook, Johnstown, Seventeenth; Wm Gordon, Cleveland, Twentieth; Robert J. Bulkley, Cleveland, Twenty-first; William B. Francis, Eighteenth; Martin Perry.

Crosser was elected at large two years ago and now has been thrown into Bulkley's district.

Simon D. Fess, of Yellow Springs, Seventh district and Robert M. Switzer, of Gallipolis, Tenth district, are the Republicans seeking renomination. Fess has no opposition.

Congressman James D. Post, of Washington, C. H., Frank B. Willis, Ada, Wm. G. Sharp, Elyria and John J. Whitacre, Canton, are not asking renomination. Willis is a Republican and Whitacre a Democrat candidate for the gubernatorial nomination.

## LIGHT RAIN IS FALLING TODAY AT CLEVELAND

Cleveland, O., Aug. 11.—General apathy and a light rain were blamed for the lack of votes at Ohio's first state-wide primary here today after the polls had been open three hours. Many of the politicians blamed the rain while others said there was lack of interest.

Belief was generally expressed throughout the city that the vote would be light. The lengthy ballots, however, it was expected, would make the returns slow in coming in tonight.

## RAIN AT CINCINNATI CAUSES LIGHT VOTE.

Cincinnati, Aug. 11.—Heavy rains falling throughout the morning caused a light vote to be cast here in the early hours of the primary voting. Former Senator Joseph B. Foraker at the close of the campaign last night expressed confidence of his nomination over Harding and Cole as the Republican candidate for senator.

Former Representative Longworth, in the First congressional district has no opposition for nomination for the Republican candidacy for congressman. Interest was confined to local contests chiefly.

## OLD HOME

(Continued from Page 1.)  
funeral train pass. Silent crowds of men, women and children gazed sorrowfully at the car where President Wilson kept vigil beside his dead.

At Culpepper, Va., a folded Confederate flag, with a note of sympathy from the Culpepper chapter of the United Daughters of the Confederacy, was placed on board the train. At many other places flowers were presented by groups of little children.

James Woodrow, cousin of the president, boarded the train at Spartanburg, S. C., where an unusually large crowd was at the railway station. The president was deeply touched by the respectful silence of the people who met the train all along the line.

## FUNERAL TRAIN AT ATLANTA, GA.

Atlanta, Ga., Aug. 11.—A silent respectful crowd, the largest that has gathered at any point between here and Washington assembled in this city today to meet the funeral train bearing the body of Mrs. Woodrow Wilson to its burial place at Rome, Ga., her girlhood home. The train stopped here twenty minutes, the journey being resumed at noon. Miss Aletha S. Axson, Miss Carrie Belle Axson and Randolph Axson, cousins of Mrs. Wilson joined the President's party here.

Absolute quiet reigned in the station while the train stood there. The thousands who stood outside the gates remained bareheaded and silent until the train left.

Since the party left Washington few persons have seen the president. He remains in the darkened funeral car, sitting beside the casket sorrowing, silent. None has spoken to him except his daughters and Dr. Grayson. To the latter he had expressed his deep appreciation for the sympathy displayed by the people along the route from Washington.

## AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures All Headaches.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils clogged; yawning and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

**Soft White Skin in Summer**

THIS is the season that tests the quality of toilet preparations. Face powders, creams, rouges and other necessary little accessories should be of the very best materials, and made under the direct supervision of experts.

No woman can be beautiful with a blotched and specked complexion, yet even when the features are not perfect, a soft, clear and smooth skin will make the face appear beautiful.

Mme. Is'bell's *Pleasant Face Powder* thoroughly cleanses the pores, and removes blackheads, pimples and other blemishes. It makes the skin wonderfully smooth, fine and fair—keeps it from becoming too dry, or removes the excess of oil, if any—in fact, clears and refreshes the complexion as does no other toilet preparation. Its peculiar bleaching and healing effect is noticeable the moment it touches the surface of your skin.
